

PRODUCTS

X2 Metallized Polypropylene Film Capacitors

- Excellent EMI Suppression
- Self-Healing Technology
- Low Dissipation Factor
- UL / VDE / ENEC Safety Approved

Audio Film Capacitors

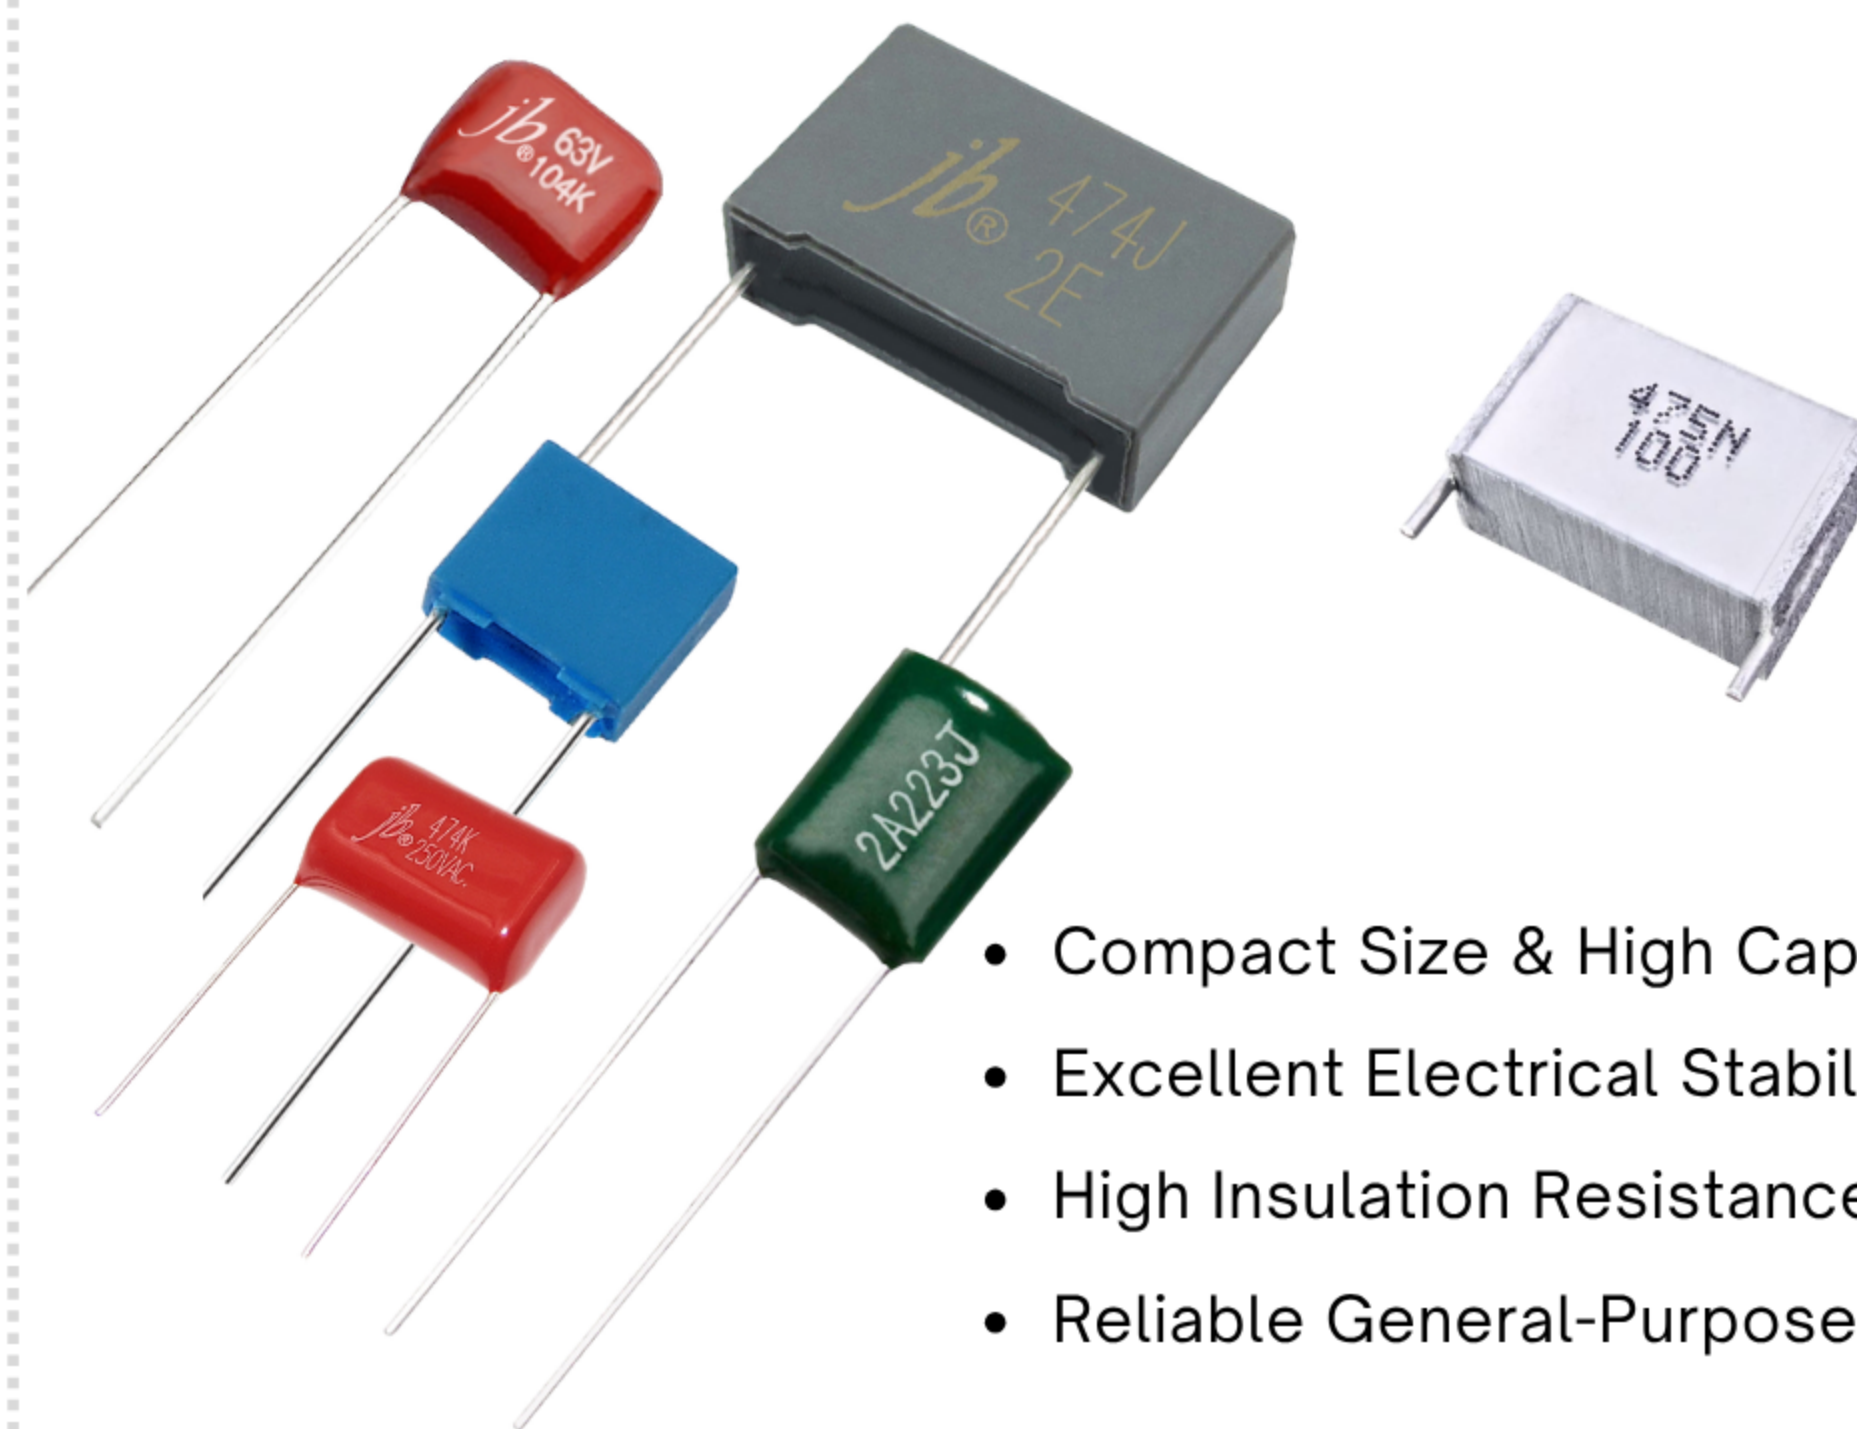

- Low ESR for Superior Audio Performance
- Excellent Signal Stability
- Wide Frequency Response
- Low Distortion & Clear Sound Reproduction

Ceramic Capacitors, MLCC

- Ideal for across the line applications
- Compact size
- Cost effective product
- safety standard recognized for Y1/Y2 series.

Polyester Film Capacitors

- Compact Size & High Capacitance Density
- Excellent Electrical Stability
- High Insulation Resistance
- Reliable General-Purpose Performance

Polypropylene Film Capacitors

- Low Loss & High Efficiency
- Excellent Frequency Stability
- High Ripple Current Capability
- Long-Term Reliability

Polymer Aluminum Solid Electrolytic Capacitors

- Ultra-Low ESR for High Efficiency
- High Ripple Current Capability
- Long-Life & High Reliability
- Excellent High-Frequency Performance

Snap-in Aluminum Electrolytic Capacitors

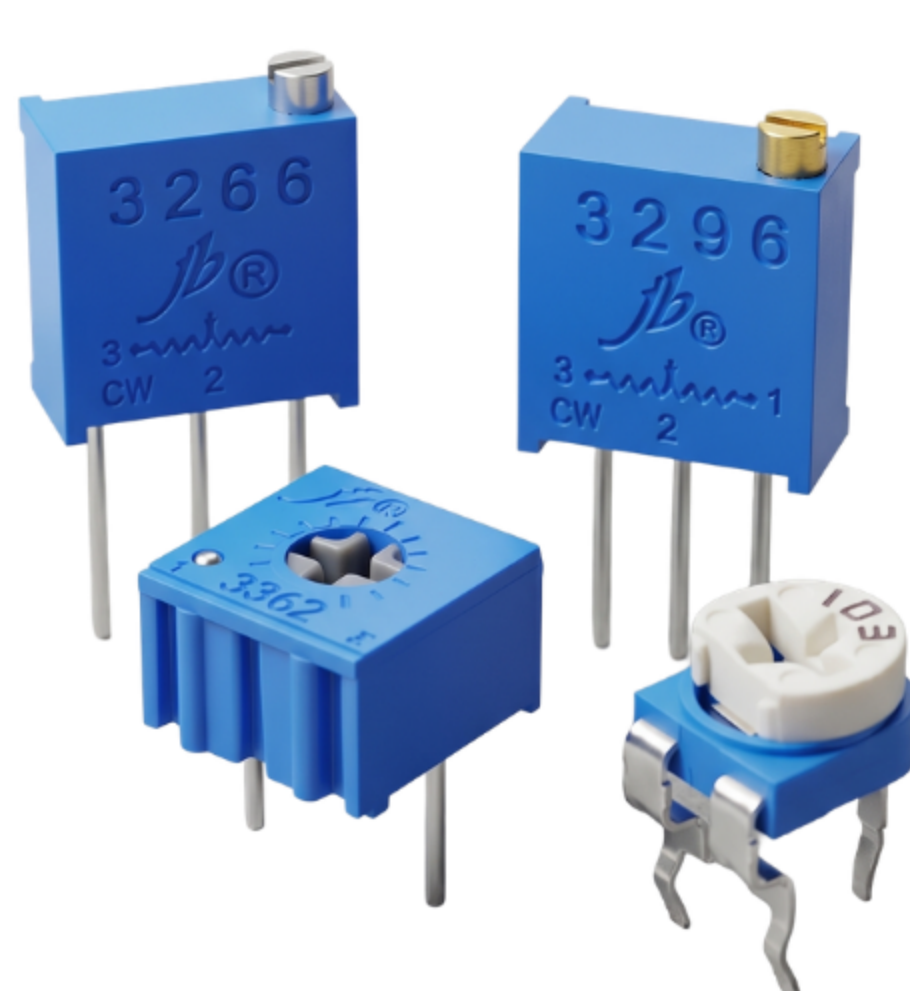

- High Ripple Current Capability
- Long Operating Life
- High Capacitance for Power Applications
- Reliable Performance in Industrial Environments

Tantalum Capacitors

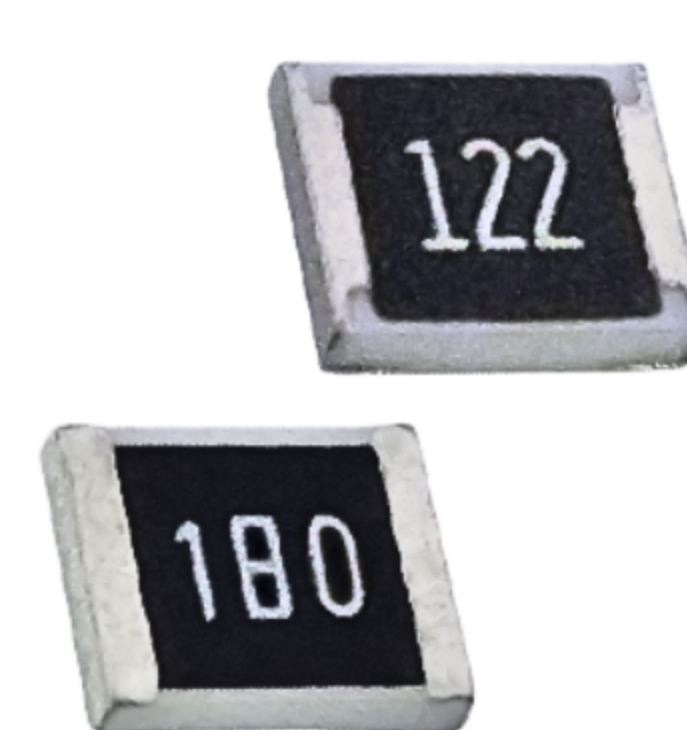

- High Capacitance in Compact Size
- Low Leakage Current
- Excellent Frequency Stability
- High Reliability & Long Service Life

Trimming Potentiometers

- Precision Resistance Adjustment
- Excellent Stability & Accuracy
- Wide Resistance Range
- Long-Term Durability & Reliability

Resistors

- High Precision & Stable Performance
- Low Temperature Coefficient
- Excellent Reliability & Durability
- Wide Range of Electronic Applications

COMPANY PROFILE

We provide a comprehensive portfolio of capacitor products for industrial, automotive, audio, power, and electronic applications. Supported by an ISO 9001-certified quality management system, strong engineering expertise, and responsive technical support, we deliver reliable products and customized solutions to customers worldwide.

KEY PARTNERS

CERTIFICATIONS

CORE VALUES

- Competitive Pricing
- Responsive Technical Support
- Short Lead Time
- Customized Solutions

APPLICATIONS

- Industrial & Automation
- Power & Energy
- Automotive Electronics
- Consumer Electronics
